Specification

Type	Home Edition - Electrolysis Disinfectant
Control	Touch panel / Remote control
Rated Atomization	300 mL per hour
Water Tank Volume	4 litres
Cover Area	20 sqm
Rated Power	28 watts
Product Size	18.5*18.5*31.0 cm

Two Control Modes

Touch+Remote Control

Comparison with Disinfectant

VS

✓ Natural raw materials	✗ Chemical addition
✓ Health and time saving	✗ High purchase cost
✓ Ready to use	✗ The price is too high
✓ Low use cost	✗ Worry about shelf life

How to Use?

1 Add water to the container

2 Add salt to container

3 Mix water and salt

4 Pour salt water into water tank

5 Turn on the machine

6 Start working
